

MYSTICAL ROSE CARD READING

Pink Rose

You are a very sweet person. You have a lot of love to give. You understand the power your heart has to help others. Like Mother Mary, you are **compassionate**. This means you put others first and are happiest when helping people or animals. Just watch out for the downside: if you don't take care of yourself and stand up for yourself, you could get walked on and taken advantage of or be an enabler in a codependent relationship.

White Rose

You are spiritually very advanced. You are not focused on "getting ahead" or being successful in an Earthly way, with status symbols and lots of money. Instead, you want to be successful in a spiritual way, by **doing good things for the world**. My advice for you is to blend a lot of different religious and metaphysical ideas together; don't be rigid in your beliefs. Something to watch out for: people sensing your kindness and your giving nature and manipulating or using you.

Red Rose

You are a **deep, complex, passionate and driven** person. You get things done! You are a feeler and an experiencer. The danger for you is becoming so emotionally wounded that you close up. Work on removing blocks in your emotions and your energy channels (try chakra balancing meditations and energy healing like Reiki and IET).

Yellow Rose

You are **sunny and friendly!** You are a people person and enjoy talking to anyone and everyone. People are drawn to you and like being your friend. You add some light-hearted fun and laughter to any social gathering. A challenge for you is to remain as joyful and enthusiastic on the inside as you appear on the outside. Recharge your batteries with some fun in the sun, easy exercise like walking along the beach or some "me time" at a spa.
